LifeLine CDC is a community
benefit organization,
all donations are tax
deductible.

THANK YOU for your friendship and support. It means so much to have you be part of our team to help individuals and communities rediscover their God-given gifts and abilities and then help them to discover God's amazing grace, His forgiveness, reconciliation, and restoration.

When I started LifeLine CDC 17+ years ago I would not have thought that it would have this impact and I would not have thought that it would be this difficult.

Not a week goes by where I am not amazed at the wonderful things that are happening. Individuals moving closer to Christ, experiencing His grace and mercy in new ways. Children seeing something new and being encouraged to stay in school, and live right. Adults receiving resources they need to move out of poverty. Our teens participating in a Bible Study and asking deep questions.

Not a week goes by that I don't cry; cry over the hurt in our neighborhoods, cry over the future of our young people, lament over the ways of this world, and struggle to stretch the dollar just a little thinner so that we can make payroll and pay rent.

Every week I am asking God for next steps and every week God reminds me that I am here for 'such a time as this'.

Last week a hero of mine died and left a huge void in my soul. H. had just retired from years of ministry and a long obedience in the same direction, and then he died. His plans to equip the next generation of leaders ended abruptly.

My verse this year is Colossians 4:6: "Let every word you speak be drenched with grace and tempered with truth and clarity. For then you will be prepared to give a respectful answer to anyone who asks about your faith." I want to live my life to honor God, to honor the legacy of people gone before me.

Please continue your partnership with LifeLine for the sake of His Kingdom causes, for the sake of the people who don't know Christ yet, and who have not yet experienced His grace and mercy.

It is a pleasure serving Christ with you.
